ACTIVITY TIME!

Silly Sounds

This is a fun game to play around the dinner table!

Let everyone know you're going to make a funny sound to see if they can copy it. Can your family copy you?

Why not try and make a sound SO WEIRD that no one else can make it! Now it's their turn.

Who can make the funniest sound? Who can make the loudest sound? What about the quietest?

Dance Challenge

How long can you floss for? Captain Starlight once flossed for a whole minute!

Do you think that you can floss for longer than a minute?

Instrument Word Jumble

Can you unscramble these words?

This Word Jumble may seem a bit tricky. But here's a clue, they're all musical instruments!

Captain Starlight loves music! We also love making instruments out of objects we find. Can you count how many strange instruments Captain Starlight uses in this song?

DIY Pan Flute

You Will Need:

- 4 Paper straws
- Paper
- Scissors
- Sticky tape

1. Place your straws next to each other and sticky tape them together at the top and the bottom.
2. Carefully cut the straws into two halves diagonally like in the picture (this will help you get the different lengths). You should now have 2 sets of 4 straws with diagonal bottoms!
3. Now, place these 2 sets next to each other and sticky tape them together so they're in a row.
4. Decorate a strip of paper and wrap it around the bottom of your pan flute.
5. Finally, it's time to blow over the tops of the straws. Do they make different sounds? What songs can you play? Shake it Off by Taylor Swift? Old Town Road? So many options!

It's Show Time!

Let's play a musical game! Grab someone to play with and let's get musical.

One person thinks of a word (say dog) and the other person has to make a song up about that word. Once your incredible song is done swap and suggest a new word for your partner to make a song about.

Here's Captain Starlight taking it to the next level... She's using 5 words to make up a song. Maybe you could try that next?
